

## Inland Seas' *Adopt-A-Class* Scholarship

The idea behind Inland Sea's *Adopt-A-Class* Scholarship Program is to enable our donors to become **personally** involved with our students and with Inland Seas' mission of *Protecting the Great Lakes Through Education*.

When you provide an *Adopt-A-Class* Scholarship, you can also come aboard and sail with **the very class you're sponsoring**. Choose a school you would like to support, or select a sailing date that works for you. You can bring along a couple of guests to share the experience, too. Think how rewarding it will be for you to see your gift transformed into **real action** aboard our tall ship.

In order to make the Inland Seas Scholarship program affordable, we only charge schools one-third (\$800.00) of the cost of a half-day science and sailing experience. We have a large number of schools already signed up to sail with us this coming season. They have committed their share, and now we need to raise the rest in the form of 2-to-1 matching scholarships.

Each \$1,600.00 donation will provide an *Adopt-A-Class* Scholarship for a group of up to 32 students and their teachers.

*Full-Sail* Scholarships are needed, too. We are holding some dates open for schools from cash-strapped districts in need of full \$2,400 scholarships so that their classes can learn aboard the Schoolship. This gift option furthers the Inland Seas' goal of "expanding our reach" by providing this opportunity for students who would otherwise not be able to benefit from the Inland Seas experience.

Inland Seas' *Adopt-A-Class* and *Full-Sail* Scholarship Programs are rare opportunities for donors to experience, first hand, the **impact** of their charitable contributions.

**Print, complete, and mail this form to provide an *Adopt-A-Class* Scholarship, -or- [DONATE ONLINE NOW](#).**
